

Newark Orchard School's alternative provision is located on the London Road site, mainly in the bungalow. We have our own kitchen, classroom, timeout room, garden and car.

Sharon, Emma and Michele are the Personalised Education Assistants who work with individual or small groups of students. We also look after the school dogs Lily and Logan (Mon-Thur) and Finch (Fri).

We work hard to try to meet our individual targets for learning and behaviour. The staff support us to work with other agencies that can also help us.

We all have an individual personalised timetable that incorporates our interests, basic literacy and maths skills, life and social skills, sensory, AIM and ASDAN qualifications and GCSE's.

We access the local community regularly to support our life and social skills work. Our PE includes cycling, swimming, country walking and archery.
