NEWARK ORCHARD SCHOOL TRANSITION POLICY

OUR VISION

To provide a secure, happy and stimulating environment for all where extended learning opportunities are provided to develop emotionally, socially and intellectually.

1. DEFINITION

In this policy 'transition' describes the movement that takes place from one familiar setting (including the home) to another, transitioning through key stages and departments and finally transitioning to their final step in education, employment or training once students have turned 18. Care and attention is given to each stage for an individual, groups or cohorts of children to, through and beyond Newark Orchard School.

2. AIMS AND OBJECTIVES

- We want our pupils to experience a smooth transition throughout their learning, so that the pace and quality of learning are maintained to ensure that pupils continue to make the very best progress.
- This policy addresses issues of planning and assessment as well as classroom organisation and teaching styles.

3. EQUAL OPPORTUNITIES AND INCLUSION

- Staff, pupils, parents, governors, and other agencies are actively involved in the process and their perceptions about transition are explored and valued.
- Measures are taken to ensure all pupils are given the opportunity to experience a similar ease of transition.

4. PRINCIPLES

- Approaches to teaching and learning are harmonised at the point of transition.
- Planning is based upon assessment information from the previous class / setting.
- Styles of teaching and learning meet the needs of the pupils and not pre-conceived notions of what is appropriate for the next phase / key stage.
- There is a professional regard for the information from the previous setting / class.
- Pupils can enjoy new approaches at transition.
- Transition motivates and challenges pupils.
- Staff allocation gives attention to the needs of the pupils.
- Effective transition takes time, and is a process rather than an event.
- Transitions are not overlooked or left to chance, but thought about and planned.
- Feedback from pupils and parents is encouraged and valued.
