NEWS FROM U4

AUTUMN TERM 2018

U4 are planning to do lots of lovely things this term!

They are going to do some cooking and craft activities to raise some money for a trip next summer! They would like to visit the "Horses for Therapy Centre" at Oasby. This work means that the students will be engaging with other staff members, handling money and finding out about local organisations.

They will be visiting the local shops and the students will be able to choose and buy their break-time snacks. They will be encouraged to try different foods. They will also work on recognising the cost of the item and amount of money they have.

There will be trips out throughout the term, to different places in the community. Students will practise their communication skills and learn about the behaviour expected of them in different situations.

Topic work will be based around "Space". This will include listening to different stories and also finding out about the different planets in the solar system, especially "Planet Earth"!

To support their learning, it would be helpful if you could

*Encourage your child to make a choice when they are out shopping with you.

*Discuss the cost of the item

*Recognise coins up to the value of £1

Also, if the opportunity arises, please talk about anything to do with the planets, especially earth. They will also be finding out about the sun as it is part of the solar system!

Thank you for continuing to support the class by buying the baking!

Please do not hesitate to ask if you would like more information about the work we are doing.

Michele and the class team
