

Key Stage 3 Trip to the Collection in Lincoln

As part of our topic work this term learning about the Romans, Key Stage 3 visited the Collection Museum in Lincoln.

We had a fantastic day learning about Lincoln's rich Roman history and how we can still find Roman remains buried deep beneath the city.

On the day we took part in various activities from digging for Roman artefacts to wearing traditional Roman clothes as well as exploring the museum and making a Roman mosaic.

All the pupils were fantastic on the day and had a great time and the trip really brought the topic to life.
