

## Maths

We will continue to work on securing our understanding of number and of addition, subtraction, division and multiplication. We will also be working on lots of practical activities linked to money. Go through money boxes at home, identifying and naming the coins and discussing the value. Talk about how much items cost in shops and allow opportunities to purchase things in shops.

## English

This term we will be reading Harry Potter and the Philosopher's Stone and also visiting the Harry Potter Studio Tour in London. We will be focusing on describing characters and settings and talking about the plot of the book. Read together at home and discuss what happens in the books describing the main characters. Sequence different daily events to give the idea of the passing of time. Watch films and talk about what has happened and why they think it happened.

## Geography

This term we will be studying rivers. Take a walk along the Trent looking at the different features and looking at the different way it is used.

## Science

This term we will be looking at life cycles of animals and habitats. Talk about any pets you have at home and discuss how they have changed as they have got older. Visit local parks and zoos to look at different animals and research what they like to eat and where they live.

## RE

Visit or talk about local churches and who uses them and why. Go inside and have a look at the different objects.

## History / Citizenship

Talk about the role of the police and different ways they help in our community. Discuss house rules and why they are important.

## PE

We will be studying gymnastics. Look at the different ways we can move around the house, name body parts and talk about the way our body moves.

## Computing

We will be beginning to look at computer programming. Discuss simple instructions and how we pass information on. Read through recipes following the instructions to make different foods and discuss how the order we do things is important.

## Relationships

We will be devising personal routines to care for our changing bodies. Look at different deodorants available in shops and talk about how you keep clean at home. Talk about the importance of staying healthy.

## DT

We will be constructing simple bridges. Walk along the Trent looking at the different bridges and its features.

## MFL

We will be learning simple phrases linked to travel. Look at a world map and discuss where you have visited and what language they speak.

Please feel free to contact the class team if you have any questions
