

Maths

We will continue to work on securing our understanding of number and of addition, subtraction, division and multiplication. We will also be working on lots of practical activities linked to time. We will be learning to sequence days of the weeks and months of the year and name events that happen at specific times. We will look at clocks and how to tell the time to half past, o'clock and to the nearest 5 minutes. Look at pictures at home to show the passing of time. Make a calendar and mark important dates on it

English

This term we will be reading Charlie and the Chocolate Factory. We will be focusing on describing characters and settings and talking about the plot of the book. We will be focusing on using persuasive language and working to make our own chocolate bar and advertisement for it.

Read together at home and discuss what happens in the books describing the main characters. Watch adverts at home and talk about what you like and dislike about them. Look at the packaging of chocolate bars in shops.

History

This term we will be learning about the Victorians. Talk about the passing of time and how we age. Make a collage of famous Victorians and Victorian architecture or make a fact book of info.

Science

This term we will be looking at how matter changes state. Try experiments at home like making ice, melting chocolate, making popcorn or making cakes and note how some changes are irreversible.

RE

Talk about different religious buildings in your area or when out and about and their meaning. Discuss what religion means to you and your family.

Geography

Make a diary of the weather on different days and note changes. Look at different times of the day and how light or dark it gets. Spend time drawing pictures of the same scene at different times of the day and compare them.

PE

Make the most of the summer weather get out and about enjoying a range of sports and activities. Watch local teams play or join one for weekly sessions.

Computing / Citizenship

We will be trying to improve our life skills this term looking at application forms and how to complete them and how to make telephone calls.

Talk about jobs at home both paid and unpaid and what skills are needed for these.

Relationships

We will be focusing on friendships and how to make and maintain friends. Talk about family friends and how relationships have changed over the years. Play games to promote sharing, turn taking, co-operation and negotiation and discuss why these are important skills.

DT

This term we will be making money containers. Collect and look at a range of boxes and containers and try making junk models focusing on how to join them together.

Art

We will be looking at pattern in nature and our environment.

Try drawing, photographing, tracing and taking rubbings of different patterns you find and create a patterns booklet.

Please feel free to contact the class team if you have any questions
