

Homework Ideas

Class 12 (Term 2)

English

This term in English children will be looking at plays, they will also be working towards their individualised SOLAR targets which include improving communication, reading and writing.

Things you can do to help your child improve these skills at home include the following:

- Answering questions about a TV programme or film they have watched
- Reading/ recognising words from words on different things around the home for example from a magazine or a board game
- Write in a daily log for a week, read written information out loud to one other person

Maths

This term in maths some children will be working towards individualised SOLAR targets, these include improving skills in the areas of number, shape and using and applying. Other children will be working towards achieving an AQA qualification and will develop their skills in time, fractions and shape

The activities suggested below will help your child to improve related skills.

- Counting specific items around the house, adding up those items or taking away a particular amount of items, for example 6 pairs of shoes and 3 newspapers
- Participating in a card game involving numbers, for example UNO, playing cards
- Answering questions about time, what day of the week is it, what time is it etc
- Recognising the shape of household items

Other subjects

In Science, we will be learning about space and in RE they will be looking at information about places of worship.

In PSHE we will be learning about family and equal opportunities.
