NAME OF ESTABLISHMENT: NEWARK ORCHARD SCHOOL

1. STATEMENT OF INTENT

The Governing Body of Newark Orchard School will meet its responsibilities under the Health and Safety at Work Act and other health and safety legislation to provide safe and healthy working conditions for employees, and to ensure that their work does not adversely affect the health and safety of other people such as pupils, students, visitors and contractors. Details of how this will be done are given in this health and safety statement.

The Governing Body will ensure that effective consultation takes place with all employees on health and safety matters and that individuals are consulted before allocating particular health and safety functions to them.

Where necessary the Governing Body will seek specialist advice to determine the risks to health and safety in the establishment and the precautions required to deal with them.

The Governing Body will provide sufficient information and training in health and safety matters to all employees in respect to the risk to their health and safety.

The Governing Body requires the support of all staff to enable the maintenance of high standards of health and safety in all the schools activities.

The school is committed to continually improving its health and safety performance.

This Statement includes a description of the establishment’s organisation and its arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section.

Staff Responsibilities with pupils and students in and out of school

IN SCHOOL

- i) Each class teacher has the day-to-day responsibility for the organization of their class. They have the responsibility to ensure that the timetable is delivered appropriately and safely - having a "duty of care".
- ii) Each class is staffed appropriately given pupil needs and budget allocations and generally has a minimum of one teacher and one teaching assistant assigned to each class. Personal care assistants work in teams within the Departments.
- iii) Each class should always be supervised by at least one member of staff. This member of staff must be employed by Newark Orchard School and not a volunteer.
- iv) If any class member has a known medical condition (which might include a component behavioural need), which presents the pupils as having potential for risks of injury or safety, they may require additional assistance from time to time. There should be two members of staff present with the class at all times. Medical conditions which can be considered "known" are determined after advice from the medical staff. The most common in school are epilepsy, diabetes, oxygen users, anaphylaxis, (significant food, drug or insect sting allergies). Care Plans should be available for all pupils at risk.
- v) The average class size would not ideally exceed fifteen. Larger class sizes will be staffed appropriately.
- vi) All staff should make themselves known to the Trained First Aiders.
- vii) Any concern requiring unusual medical treatment should be referred to the First Aiders. Senior management should be informed of concerns warranting hospitalisation or trained medical assistance.
- viii) In the event of hospitalisation or medical assistance being required the child should be accompanied to hospital by a first aider who will have an escort or a driver. If 999 procedures are required the teacher, responsible for the class, should ensure that they have:-
 - a) Informed the office staff (who will arrange to contact the parents/carers, inform transport, etc.) and also alert SLT
 - b) That they or the assigned member of staff have taken necessary documentation with them (personal and medical information, etc.) Office staff will keep information up to date.
 - c) Ensured that their class is staffed (alert senior management).
 - d) Accepted the "loco parentis" role whilst with the child (allowing medics to make decisions).
 - e) Wait with the child supporting and comforting them, until parents/carers join them. (Ring school for collection or take a taxi - school will cover costs)
 - f) Inform school Senior Management of any outcome.
 - g) Filled in the relevant documentation - Accident Book, Form F45-5.
- ix) Note your class details and those of any pupils/students you may be required to support - some pupils/students, if needing hospitalisation, will have detailed behaviour patterns that may be observed. This may be fairly detailed, eg. when a pupil/student is known to be prone to "status epilepticus". Epileptic seizure "patterns" are also sometimes available. Individual Care Plans are available which should indicate individual medical needs. (compiled by School Nurse and checked by Pauleen Johnson).

Care Plans should be reviewed at the beginning of each year and, as required, if changes have taken place.

- x) Complete Risk Assessments for all activities for all pupils and staff , especially taking care to address specific medical and behavioural needs

If in doubt obtain a senior manager's opinion. Do not feel you have to be overly cautious but do be sensible.

Reminder – for the purpose of Fire Safety, staff should ensure that their whereabouts are known to class teachers and phase leaders. Similarly, teachers should confirm the whereabouts of children via the register check. There is an expectation that registers and other recording systems are adhered to.

OUT OF SCHOOL VISITS

All off-site visits and activities have to be secure, in terms of risk management and risk assessment. There are no exceptions. Approval can only be verified by the Head teacher, Educational Visits Coordinator or a Deputy Head Teacher.

- i) Teachers who intend that their classes will make use of the community for curriculum extension or study should ensure that the following staffing allocation is observed:

3 - 14	2 staff to 1- 4 pupils	3 staff to 4 - 6 students
14 - 19	2 staff to 1- 4 pupils	3 staff to 4 - 9 students

All the ratios indicated above assume that the individual needs of pupils have been determined and that support allocation is appropriate and planned in accordance with IEPs, curriculum objectives and risk assessments. Full consideration has to be given to individual Care Plans. Moving and Handling Plans and Behaviour Plans.

For example:

- Wheelchair users will need 1 - 1 staff support to ensure mobility (unless the pupil is able to move themselves - do not presume to take control)
 - Mobility supported students will require assistance (to travel between classrooms or in the community)
 - Seats must be removed on the minibuses to enable wheelchair users to do so, safely with appropriate safety harnesses (all travellers on minibuses must use the seat belts provided - no privately hired vehicles may be used which do not have seat belts).
- ii) All pupils/students leaving school must have completed parent/carer consent forms (updated lists are available, see Office).
- iii) Staff are expected to complete the Educational Visits form in the school office (copy attached) and the office informed. As a courtesy, please advise other teams/staff who might need to be made aware - the Catering Manager, the Nurse and Health Trust colleagues
- iv) Staff are responsible at all times for their class's health and safety.
- v) Staff should have made a risk assessment of the activity and/or referred to the bank of risk assessments on activities previously carried out, eg swimming, visiting the library, etc. **Reminder:** the visit or activity has to be approved by Lisa Williams or Leanne Hurdle.

- vi) Teachers should complete the following advice:-
- a) Identify curriculum area to be enhanced by visit out of school.
 - b) Ensure all necessary medication accompanies the pupil/student. The administration of prescribed medicine is assigned to a staff member.
 - c) Staff should be assigned named children to be responsible for; whether this is 1 - 1 or small groups.
 - d) A mobile telephone and first aid kit should be taken out of school with the party. If medical equipment, suction, oxygen, etc., is taken and staff should be competent to use it.
 - e) Staff should always carry their individual identification badges with them.
- vii) In an emergency, eg injury, sickness or an emotional/behavioural outburst, staff should act calmly and confidently:-
- a) Keep the situation calm - assess the situation.
 - b) Ensure injured, ill or distressed child has 1 - 1 staff support.
 - c) Ensure the other party members are safe, calm and reassured.
 - d) Call for support by either calling school on the mobile or dialling 999.
Tell the contact person:-

Who you are ...	What the situation is ...
Where you are ...	What you think has happened ...
Who is involved ...	How they can help you ...
 - e) The injured or distressed child is your first responsibility but you also may have others to be responsible for. So if the emergency services are required, ensure that the remaining party members are assigned staff and return to school (even if they have to wait for additional staff to help). Members of the public may offer assistance. The responsibility for the safety and security of all the children rests with you. Public servants have identity cards. **DO NOT LET ANY CHILD GO OFF WITH A MEMBER OF THE PUBLIC - NO MATTER HOW WILLING AND SEEMINGLY ABLE - WAIT FOR BACK UP SUPPORT**

DO NOT LET A CHILD GO BACK TO SCHOOL TO SUMMON ASSISTANCE ALONE

RESIDENTIAL FIELD STUDY TRIPS AND RESIDENTIAL EXTENSIONS

Party leaders should encourage team membership, initiative, enterprise and collective responsibility. Before departure investigate staff strengths and development needs. It is better to know that someone cannot swim or is afraid of heights before you plan the activity rather than afterwards. The FST planning team will conduct an audit of skills and staff availability before the staffing details and timetables are finalised.

A senior member of staff will accompany all residential trips and take overall responsibility - this does not mean that they will plan everything! The planning may be delegated or shared.

Adult/child ratio will be assigned using the following guide:-

KS3	1 - 3
KS 4 and Post 16	1 - 4
PMLD students	1 - 1

The teacher responsible for the group or activity should undertake to complete the following before the trips begins:-

- i) Pre-visit Risk Assessment (on Evolve to gain LA approval).

- ii) Check on party details and timetable.
- iii) Arrange a parents and party members meeting (together or separately).
- iv) Check medical details of party members (students and staff). Assign a first aider.
- v) Assign a budget manager, who needs to confer with the school business manager to establish accounting procedures.
- vi) Assign a diarist, photographer, video recorder, etc.
- vii) Ensure that all potential dangers are known and covered (NB Risk Assessments) - advise and share with staff possible problems and alert them to the practice you require. This will be wholly dependent upon the ability/age of the party members but you may require that for example:-
 - All plastic bags are punctured and stored safely.
 - All doors are closed.
 - Only supervised access to the hot water outlets is allowed.
 - No one is to go outside alone.
 - All lifting must be carried according to Moving and Handling practice and Individual M&H Plans.
 - That some staff are on "call" - tonight or for the next two hours, as determined by the Party Leader, etc.
- v) Assign each child a key worker for the duration of the visit. This may be 1 - 1, 1 - 2 or a small group. Pre-planning will enable this assignment to run smoothly. Always ensure that staffing mirrors student need, activity level, additional adult help needed, staff skills, gender, medical needs and room location.
- vi) Tell the students what you expect from them before you go and remind them of your expectations from time to time, for example:-
 - Good, polite, appropriate behaviour.
 - Taking responsibility.
 - A copy of risk assessment, emergency contacts for staff and students and timetable need to be given to named emergency contact.
 - Types of clothes required - casual or smart, weather dependent, etc
 - Bed times.
 - General cleanliness, tidiness.
 - If you are unhappy with any aspects about the trip consult with a senior manager before you go

ANY INCIDENT OR EMERGENCY MUST BE REPORTED TO THE HEAD TEACHER AS SOON AS POSSIBLE. AN INCIDENT REPORT FORM SHOULD BE USED

STUDENTS AND VOLUNTEERS (INCLUDING WORK EXPERIENCE PLACEMENTS)

Newark Orchard School staff should seek to help students as much as possible to learn about the working practice of Newark Orchard School and what they might gain from their placement. We should help them to understand jargon and specialist terminology - they are possibly our future colleagues.

Students are usually on placement from schools, colleges, medical schools or universities to learn from being in the workplace from experienced and responsible staff. They are not paid members of staff where expectations of experience or maturity can be anticipated.

A student is defined for our purpose as:-

“an apprentice - an inexperienced novice who is beginning to learn new skills and acquire knowledge; taking on new roles and responsibilities. They are, as yet, unqualified and untrained”.

- i) The decision about placement of students and volunteers is made by the Education & Health Leader and is at their discretion.
- ii) After letters of application are received, considered and an interview is completed.
- iii) Due regard is made regarding the incoming student's need and the needs of Newark Orchard School. The placement in school of any student is negotiated with the class teacher in advance of the placement occurring.
- iv) Students have varying levels of course demands and need support to complete all tasks. For example:-
Students may want to discuss our Principles and Practice; the school's mission, vision and philosophy; they may wish to discuss reasons for placement at Newark Orchard School.
They may need to complete a child study or a diary. It is important to remember that confidentiality is extremely important. We are entrusted with very personal information and must act as trustees. Therefore students may not have open access to any information.
They may not have access to students' personal files.
They may not have personal information given to them without the express permission of parents and students.
They may not use photograph or video evidence until parent/carer and/or student (post 16) have consented in writing.
Each request must be dealt with individually, sensitively and with the interests of the children at the forefront of any decision.
- v) Volunteers/students may assist Newark Orchard School staff in all appropriate activities but must not be left alone with students.
- vi) They must not lift (move or handle) pupils nor be responsible for toileting routines.
- vii) They must not be given any opinion by staff members that are not known by parents/carers/pupils re: abilities, medical conditions, etc.

The following guidelines are in place in support of Volunteers in school:

The Newark Orchard School welcomes volunteers into school when the skills, experiences and qualities they bring enhance opportunities available to children.

- The Head Teacher and SMT are sole determinants as to the placement of volunteers. Specific placement and placement requests cannot be guaranteed. Placements are discretionary.

- All placements will be reviewed on a regular basis (each week - unless concerns are raised) and the placements will be for a fixed term. This term may be extended only with the agreement of the Education & Health Leader.

- All volunteers must agree to the basic principles of the school vision and codes of practice within the school, eg equality of opportunity, confidentiality, etc., and sign the "Guidance on Good Practice"

- The school will endeavour to support volunteers with advice on good practice and a mentor will arrange a meeting to feed back on the placement and issues arising, eg training opportunities

- It is expected that volunteers will receive appropriate induction. This will include health and safety, domestic arrangements, procedures relating to visitors, eg Safeguarding procedures, insurance, security checks and clearance, etc., and agreement as to the role and responsibility of the volunteer (as negotiated) - see, also, below
- The SLT have produced some "Notes of Guidance On Good Practice" which volunteers will be asked to sign as a statement of acceptance of the role and responsibility of a volunteer at The Newark Orchard School.
- (A copy of which is included)

DO NOT GIVE SCHOOL KEY CODES TO ANYONE UNLESS THEY ARE NEWARK ORCHARD SCHOOL STAFF

CARELESS TALK CAN COST YOU, YOUR AND OUR REPUTATION

Good Practice Guide for Volunteers Working at Newark Orchard School

- 1 It is important for pupils to see all adults in school as role models, so please remember this at all times.
- 2 Your help will bring you into close contact with staff and pupils. Please remember that much of what you see in school is confidential; so do not talk about it outside school.
- 3 Always remember that you are not expected to make judgements about pupils' abilities. Any personal views you may have about a pupil's ability should not be disclosed.
- 4 Always listen carefully to the requirements and instructions given by the class teacher or head teacher and try to carry them out to the best of your ability.
- 5 When in class, do your best to reinforce to pupils the instructions given by the class teacher.
- 6 Unless the matter cannot wait, remember not to interrupt the teacher or discuss non-urgent matters with them during teaching time.
- 7 Do your best to build positive relationships with pupils and staff. Try to make comments which are tactful, constructive and supportive. Always try to deal with problems as discreetly as you can.
- 8 The school has an Equal Opportunities Policy. This means that you must speak and act at all times in a way which respect pupils, staff, governors and officers of the LA whatever their race, nationality, colour, gender, sexual orientation or disabilities.
- 9 You are probably already aware of the dangers of physical contact with pupils. Please do everything possible to avoid physical contact with pupils, even touching. Also, remember that you should not get drawn into inappropriate topics of conversations with pupils.
- 10 If a pupil begins to talk to you about matters which disturb you, please talk to a designated Child Protection officer.
- 11 In general remember that if you are in any doubt about anything, always ask the advice of a member of staff or a senior manager.
- 12 You need to be aware that a breach of any of the standards set out might lead to a decision not to use you as a volunteer, either for a temporary period or, where a breach is serious, permanently. Obviously we hope and expect that such a situation will never arise.
- 13 You need to be aware that the school is required to carry out a List 99 check on all volunteers assisting in school (List 99 is a register of persons determined by the Secretary of State as unsuitable for employment in schools). This check is for the safety of the children which, you will agree, is of prime importance.
- 14 Finally, we hope that you will find this guidance sensible and helpful. We are confident that you will enjoy the experience of working in the school.

I understand and accept the above Notes of Guidance which apply to my involvement as a volunteer in the Newark Orchard School.

VISITORS

- i) It is the responsibility of all staff to notify the office of any expected visitors.
- ii) All visitors must report to the office and be booked in. They must sign in and out at the office using the visitors' book. All visitors will be issued with visitor badges; unknown people who do not wear badges should be challenged. It is the responsibility of all staff to honour Newark Orchard School's security procedures.
- iii) Office staff need to know who your visitor is and where to locate you on their arrival.
- iv) If you need to order refreshments for visitors do so at the office in advance. This will be delivered by the catering team (N.B. there may be a cost!). Numbers are required at the time of booking. Refreshments may not be ordered on your visitor's arrival - you will need to make your own.
- v) Please use the meetings room but check availability, via the Office, before arranging your meeting. As a courtesy inform staff colleagues where appropriate.
- vi) Staff should not arrange to receive visitors while they are teaching or supporting in class unless it is specifically intended that the visitor is to spend time observing a class in action. If classroom observation is expected the teacher is reminded that their first duty is to the class not the visitor.
- vii) No unauthorised visitors will be allowed into school without prior notification.
- viii) Any unexpected visitor wishing to make contact with a staff member will be told when that person is available (lunchtimes and after school) and asked to leave a message or return in person or telephone to make an appointment.
- ix) Telephone calls will be recorded in the messages book and staff are reminded to check the messages book daily. The messages book will record who called and the contents of any message left.
- x) If an unexpected (even if known) visitor arrives to see a pupil remember no person or persons have the right to remove a pupil without the permission of the Head teacher or Deputy Head Teachers. Parents/carers are expected to make prior arrangements for an early collection from school of their children. Unless this is so, the pupil may not leave school. Use your own judgement if the parent is known to you and has a bone fide reason for collecting their own child. If there are any doubts please consult with SMT

REMEMBER TO BOOK VISITORS INTO SCHOOL AND CHECK THE MESSAGES BOOK EVERY DAY

IT IS NOT THE RESPONSIBILITY OF OFFICE STAFF TO DELIVER MESSAGES UNLESS IT IS AN EMERGENCY OR URGENT

(Responding to parents always takes priority)

ADMINISTRATION OF PRESCRIBED MEDICATION

Refer to separate Managing Medicines Policy

SICK CHILDREN IN SCHOOL

There are regular school medicals arranged by Central Notts Healthcare (NHS) Trust. Parents/carers are invited to attend. If it is appropriate, i.e., school have a significant concern, a Senior Manager, and/or class teacher may also be invited to attend for a discussion after the medical examination has been completed.

In the interests of all children and in order to keep the school as healthy as possible, it is expected that all children will be in good health when they attend school to enable them to access the curriculum effectively to good purpose. The same conditions apply to field study trips and residential settings.

If staff feel, after seeking advice, that a child is unwell and they need to return home parents/carers will be informed and asked to collect their child from school. Parents/carers are expected to keep contact numbers up to date. (Home School Agreement)

If antibiotics are prescribed by a doctor for a child, they will be expected to remain at home for at least the first day of treatment before returning to school. Children will not be accepted into school until they have completed one full day's prescribed dosage.

Parents will be requested to complete prescribed medication forms which are available from the office for any medication which needs to be administered during the day. These must be completed before any medication is administered.

Parents should encourage their GP's/consultant doctors to present the administration of prescribed medication outside the school day, where at all possible.

All medicines in school must be prescribed by a GP/consultant doctor and be labelled. No child will be allowed to take any medication without it being prescription labelled.

Emergency medication which is prescribed for some children will only be administered by appropriately trained staff.

The Head Teacher or representative will act reasonably to ensure that all children are in good health at all times.

It is the responsibility of the Senior Leadership Team to enlist the support of the Emergency Services if this is felt to be necessary (see also Section 1 "Health and Safety Responsibilities - In and Out of School") Staff should refer to the Head Teacher or Deputy Head Teachers before acting, unless an extreme circumstance arises.

If staff are concerned about the health of a child they should obtain the advice of the School Nurse or if the School Nurse is unavailable, First Aiders and/or a member of the Senior Management Team. Staff should follow the advice and guidance contained within this document.

A member of the Senior Management Team may decide to contact the child's GP or seek advice from the school's Consultant Paediatrician if there is a concern relating to a particular child.

Staff can pass on health concerns relating to children to the School Nurse but must inform the class teacher or team leader. The Education & Health Leader will meet with the school nursing team on a regular basis to share information and discuss medical/school protocols. Strategic developments are discussed by the Education & Health Leader at the Health Trust Liaison meetings held each half term and attended by all the Health Trust professionals who attend children at the Newark Orchard School.
