

Homework Ideas

- Read, read and then read some more!!! At least 3 times a week please. Reading should be fun and enjoyable. When you have read to an adult get them to sign your diary. Every time you get a signature or initials you get a star *.
- This term there is a focus on newspapers. Read together and talk about the features. Whatever you read at home-let us know and you can put more stars on your chart. If you find something interesting come and tell the rest of the class.
- Practise your spellings and don't forget we go through them on Wednesday mornings.
- Write out your times tables- practise makes perfect. Test your parents!!
- This half term we are learning all about our 'Wonderful World'. Use recycling from home to make junk model sculptures. Take a photo and email it to me. You could talk to the class about your creation if you choose.
- This term we have a focus on patterns. Research 'Mandalas' and have a go at drawing or painting your own.

We hope you have an enjoyable & successful term. Should your parents/carers wish to discuss anything about your education and wellbeing tell them not hesitate to email or phone.
