Bike		5
Train		1

Key information for Autumn term

- PE is on a Friday. Don't forget your kit.
- Life skills is on a Wednesday afternoon. We are concentrating on being out in the community and learning the green cross code.

Literacy

Please read as often as possible, a book will come home, please read at home as often as possible. The students have a paper book record, any reading with an adult will earn a star.

This half term we are focusing on fiction and we are reading Spaceboy by David Walliams. Can you choose another book by David Walliams or an author you like to read at home and school.

We are looking at narratives and their language and

structure, Can you write your own space story at home?

Who are the characters in your story? what happens at the beginning, middle and the end?

After the October holidays we will be focusing on non fiction looking at newspapers and current affairs. Can you make a newspaper or magazine collage focussing on the headlines in stories.

Can you watch Newsround and tell your family one of the news stories.

Science— Physics focus: Light / sound / Space

Can you tell your family what we have learnt so far in our light topic?

Life skills— Going out into the community

Speak to your parents / carers about the green cross code? Can you research some key facts about road safety when out in the community.

RE—symbols and religious expression, explain to someone in your family about what the difference is between an ordinary journey/ a special journey and a pilgrimage.

RSHE— mental wellbeing. What do you do to relax at home? Can you create a poster to show ways people could relax when at home.

ICT- online safety, not giving out your personal details, uploading on the internet, not believing everything you see (fake news) bullying and what to do if you are being bullied online—telling a trusted adult.

PE— Getting space ready! Circuit training. Sports from around the world: a look at different traditional sports

Art— Pattern: can you look at art by Kandinsky. Can you create your own artwork inspired by this artist?

D&T—building bridges junk modelling. Can you research different types of bridges, what are the different types?

History—The Space Race. Can you research for information and create a fact file about the Space Race.

Geography: natural resources / the environment

Careers—skills for learning: own skills / work skills. Enrichment opportunities in school. Visits
