

## Class 9

### Homework Ideas

- In science our topic is Living Things and their Habitats. Look around your garden-what living things live there?
- Take your sketch book out and draw what you see.
- List all the jobs where you would be working with animals.
- Pick your favourite unusual animal and write a poem about them. Do you know what the animal in the picture below is?
- In DT we are looking at sweets and their packaging. Have a discussion a with your parents/carers about their favourites especially when they were younger.
- Imagine you live in the wild. Where would you live? You can take one piece of modern technology. What would you take and why?
- Read whenever and whatever you can! Read to people in your house and get them to read to you.
- Practise your spellings to re-visit in school on Wednesday mornings.

We hope you have an enjoyable & successful term. Should your parents/carers wish to discuss anything about your education and wellbeing tell them not hesitate to email or phone. 😊
