

## H4 Homework Ideas - Summer Term 2024

Here is some information about what is to come over the next term and some ideas you could try at home.

### **English**

Our students will be basing their learning on topic of 'Gothic Horror' as our fiction unit and 'Leisure' as our non-fiction unit. Here are some ideas you could complete at home.

- Create a leaflet of a leisure activity you enjoy doing.
- Write a list of local leisure activities that you could attend.
  
- Read a gothic horror story.
- Write your own gothic horror story.

### **Maths**

Our units for this term include calendar, time and ratio. Here are some ideas you could complete at home.

- Look at the time at regular intervals in the day and say it out loud.
- Use/look at bus and train timetables. Can you state the duration of the journeys?
  
- Find fractions of amounts; could be sweets, pizza, toys etc.  $\frac{1}{2}$ .  $\frac{1}{4}$ .

### **Science**

Our Science topic this term is 'Elements, mixtures and compounds'. Here are some ideas you could complete at home.

- Identify changes that are reversible and irreversible around the home.
- Make a 'potion' and then see if you can separate the materials.

As always, I would love to see any homework completed.

Thank you for your continued support.
